- ▶ Did you know that your organization already has a presence on GuideStar?
- ▶ Did you know that funding organizations regularly use GuideStar, as part of due diligence?
- ▶ Did you know that you can significantly improve your presence on GuideStar—and in doing do, increase your organization's appeal to potential donors and funders?

We have partnered with GuideStar on a campaign to help our member organizations claim and update their Nonprofit Profiles. Space is limited for this event, so we ask that only one person from an organization attend.

GuideStar's goal is straightforward: By building and maintaining the world's largest online source of information on nonprofit organizations, GuideStar is creating a data and knowledge hub dedicated to a more transparent nonprofit sector, improved intelligence about tax-exempt organizations, and more confident charitable giving.

Interested, but don't want to make the trip to Canton? We plan to hold similar workshops throughout the state over the course of the next few months. Let us know you if are interested, and we'll be sure to hold you a spot at a future event in a location more convenient to you
